ITEM 4.01 CHANGES IN REGISTRANT'S CERTIFYING ACCOUNTANT

(a) This current report on Form 8-K/A is being filed by The Children's Place Retail Stores, Inc. (the "Company") to update certain information included in the Form 8-K filed on October 15, 2007 (the "Original Form 8-K"). The Original Form 8-K was filed by the Company to disclose, among other things, that Deloitte & Touche LLP ("Deloitte"), the Company's then independent registered public accounting firm, would not stand for re-election for the fiscal year ending February 2, 2008. However, Deloitte continued as the Company's independent registered public accounting firm to complete its engagement with respect to the Company's financial statements for the three fiscal years in the period ended February 3, 2007 (as to which there was a pending restatement of previously issued financial statements for fiscal 2005 and 2004).

On December 5, 2007, Deloitte delivered to the Company its audit report with respect to the Company's fiscal 2006 financial statements. This completed Deloitte's audit engagement for fiscal 2006 and constituted the completion of Deloitte's provision of audit services to the Company. Except as described below, during the two fiscal years ended February 3, 2007 and through the date of completion of Deloitte's engagement, there were no disagreements between the Company and Deloitte with respect to any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Deloitte's satisfaction, would have caused it to make reference to the subject matter of any such disagreement in connection with its audit report.

The Company disclosed in the Original Form 8-K that management had determined, that deficiencies exist in the implementation of the Company's policies and procedures resulting in a material weakness in the Company's control environment. In the Original Form 8-K, the Company disclosed certain factors as providing a basis for its determination regarding such material weakness.

Since the filing of the Original Form 8-K, Deloitte informed the Company of a difference in judgment between the Company and Deloitte as to the factors that should contribute to the conclusion that there is a material weakness in the Company's control environment. This difference in judgment, which resulted in the modification of Deloitte's report with respect to management's assessment of the Company's internal control over financial reporting relating to the Company's disclosure of its material weaknesses (which report has been included in Item 9A of the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission ("SEC") on December 5, 2007), represents, in Deloitte's professional judgment, a disagreement with the Company for purposes of Item 304 of Regulation S-K of the SEC with respect to a matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure, and the Company agrees that the difference in judgment should be so treated. The Company does not believe that its disclosure regarding its material weaknesses, as contained in Item 9A of its Annual Report on Form 10-K, was not fairly presented in all material respects as referred to in such report of Deloitte.

The Company has furnished a copy of the above disclosure to Deloitte and requested that Deloitte furnish the Company with a letter addressed to the SEC stating whether or not Deloitte agrees with such disclosure. A copy of

Deloitte's letter is attached as Exhibit 16.2 to this Current Report on Form 8-K.
